Martius

I'm at the line - I see it all
I am Nauticus now
And so much more
I am all you know

I'm at the line - just at the line
An eternity at the blink of an eye
In this place called time
I'm everything
Everywhere
I am all
Omni
"BE"

Nauticus II

I feel every mountain
I hear every tree
I know every ocean
I taste every sea (...)

I see every spring arrive
I see every summer thrive
I see every autumn keep
I see every winter sleep (...)

For I am every forest
I am every tree
I am everything
I am you and me
I am every ocean
I am every sea
I am all the breathing "BE"
