Ecliptic Realm by A Loathing Requiem they will exile you
at birth

destruction, inevitable
and your weakness is all that you will know
the world will justify
as they rape you in this realm

[solo]

illusions of the world will blind
illusions of the world will cloud
the minds of all mankind

blinding your senses with addictions
endlessly controlled

inhale the fate of thousand men
and the vengeance of a thousand more
spread disease into the purest hearts
enslaving them forevermore

breeding generations of ignorance

fear of what the preacher's stories behold
festering in the bellies of the innocent
craving for their blood
feasting on the pockets of the weak

[solo]

power and vanity is all you need
lies
encompassed by the masquerade and endless disgust
blotting out the minds of the virtuous
depressing are the times
as they reap what you have sown

ecliptic realm
devours the souls
forever in the bowels of time withering
