

A Lull "Weapons For War"

Visit "[Weapons For War](#)" on MotoLyrics.com

I went home with my very best friend
With a gun, with a blade, with a name, one name...
Matter, much matter
With a gun, with a blade, with a name, one blade...

We'll all lay down when it's time to,
Not one minute early, not one minute early

Watch what you think, another shot, another shot
Try what you think, another shot, another shot

I went home with my very best friend
With a gun, with a blade, with a name, one name...
Matter, much matter
With a gun, with a blade, with a name, one blade...

We'll all lay down when it's time to,
Not one minute early, not one minute early
