Teasing me with your flesh  
Tempting me with a feeling (you will never know)  
I want to own every single breath  
I want to own, own you right now.

Cater to my obsessions  
You cannot take me back  
You will not change my mind  
I fucking see it in your eyes  
You're not part of my kind

Where should I go now ( go now )  
Anywhere I go, I can't seem to find my way

And now her voice still rumbles in my head  
It's like a fucking prison you can't escape ( you can't  
escape )  
Day by day I pray and I get on my knees just to ask her  
one more simple thing  
One more simple thing

Nothings ever made you change  
You've always ignore those advices  
Looking for a cure to this rage  
These will be your final chance

Where should I go now, go now  
Anywhere I go I can't seem to find my way  
Where should I go now  
Now after all, this will end and I'll be gone

(Now after all, be gone)  
Who would've known  
That this time  
You'd be in my life  
Look in my eyes, there's no need to hide  
There's no need to lie

GO!

This is not the same!
