You said this was the last time, you'd walk away from me,  
I think deep down I know, I was the one to blame  
It may be it's about time, we both went separate ways  
My heart is broken now  
Say goodbye to yesterday

If you think I'm chasing  
You're sadly mistaken  
I can see there's nothing left for me  
There's nothing beating inside of my chest  
I can see there's nothing left for me, there's nothing left

Hold on there just a one thing I have to say  
I guess the sex was okay  
Now get the fuck out of my face

I don't care about you or us because it all died  
yesterday  
I need a new place to lay, there's nothing left to say

You said this was the last time, you'd walk away from me  
I think deep down I know, I was the one to blame  
It may be it's about time, we both went separate ways  
My heart is broken now  
Say goodbye to yesterday

I told you so  
You should've ran away from me  
But now your time is out

And this is the last time you'll ever hear from me  
This is not a dream, it's a real scene  
You better step away this is not a game

You said this was the last time, you'd walk away from me,  
I think deep down I know, I was the one to blame  
It may be it's about time, we both went separate ways  
My Heart is broken now

Say goodbye to yesterday
