Didn't I meet you at a club before?  
I thought you were naked but I couldn't tell for sure  
Your name's angelina, but I think I asked for more  
If that's right, it's sabrina, I still couldn't tell for sure  
Because the music was too loud, and my ears were  
jumbled by the crowd  
Screaming out, out your name  
Everything is, every thing's the same

Didn't I meet you at my register last night?  
That's right. you were smiling, embarrassed, sort of  
helpless and a little shy  
I said well thank you very much, and have a lot of fun  
tonight

You smiled and said something back, but I couldn't  
really tell because of buzzing lights  
And because my music was too loud, my ears were  
jumbled by the crowd  
Screaming out, out my name  
And everything is still the same as it was that night  
The night that I thought, I thought you were naked  
I thought you were naked, and I thought right

Because the music was too loud, my ears were jumbled  
by the crowd  
Screaming out, out our names  
And everything this is  
I thought you were naked (sabrina)
