The measure of man is not his brutality
It is his mind
Thousands will claim you are the better man
If you survive
But I understand it's not so simple as
As planting trees
You gotta decide to take some shit my friend
Remain at peace
Not dance on him again

Cause he caught your eye

It shouldn't be hard to let the monkeys pass
With just alarm
But night after night you're playing dangerous
Who will you harm
Now I am appalled cause I've seen sights of you
With golden hands
Ready to lead the hearts of honesty
To foreign lands
Not dance on him again

Cause he caught your eye

Just a little of it
Just a little of it
Just a little spine (to walk on by)
Just a little of it
Just a little of it
Just a little pride (in your own life) (x2)

I've seen you in green fields
A Golden ship a passing you
It's strange how these feelings
Abort your longer breeding
I know now it's over
Cause I know not your point of view
It's strange now
Cause your alone
Not dance on him again

Cause he caught your eye

Just a little of it
Just a little of it
Just a little spine (to walk on by)
Just a little of it
Just a little of it
Just a little pride (in your own life) (x2)
