"Die To Live"

I'm tired of being right here alone
I'm facing the things that I have done before
I'll face the truth, my love is gone
although I want to carry on
don't want to live without you

I'll die to live just for you
I'll die to make my dream come true
I'll die to see you
I'll die to feel you
I'll die to live just for you
I'll die to break the chains with you
I'll die to hear you
I'll die to feel you again

I remember the teardrops in your eyes
the wounds in your hands told me your last goodbyes
I'll face the truth, my time has gone
because I know I can't go on
I'm dying to be there with you

I'll die to live just for you
I'll die to make my dream come true
I'll die to see you
I'll die to feel you
I'll die to live just for you
I'll die to break the chains with you
I'll die to hear you
I'll die to feel you again

My time is here, my time is now
and soon I will see you somehow
and I will be there with you

I'll die to live just for you
I'll die to make my dream come true
I'll die to see you
I'll die to feel you
I'll die to live just for you
I'll die to break the chains with you
I'll die to hear you
I'll die to feel you again
