You think you know me  
you got no clue  
you think I'm easy but I'm nobody's fool  
you and your feelings  
they got no room  
you got no option but to keep your cool

I don't care if you leave me  
I don't care if you're walking out that door  
I don't care if you hate me  
I don't care if you wanted something more  
I don't care  
what used to be  
It's all about me

there is no country  
for fools like you  
if you are only able to be untrue  
through flames and fire  
through blood and stone  
i will knock you down from your throne

I don't care if you leave me  
I don't care if you're walking out that door  
I don't care if you hate me  
I don't care if you wanted something more  
I don't care  
what used to be

I don't care if you leave me  
I don't care if you're walking out that door  
I don't care if you hate me  
I don't care if you wanted something more  
I don't care  
what used to be  
It's all about me.
