I'm right here  
I'm here in the dark  
I know you can hear me  
but you can't see me

I'm the shadow that you cast  
I'm your joy, it never lasts  
I'm the needle in your veins  
I'm the bullet through your brain

I hold you, I mold you  
I have you right where you belong

come try and kill me  
come put a bullet in my head  
poison me  
and stab me through my heart  
come try and kill me  
cut my arms wide open  
my coffin's one nail short  
so come and kill me now

I'm right here  
I'm here in your mind  
I know you can hear me  
but you can't see me

I'm the one behind your pain  
I'm the one who makes you insane  
I have you in my control  
I will never let you go

I hold you, I mold you  
I have you right where you belong

come try and kill me  
come put a bullet in my head  
poison me  
and stab me through my heart  
come try and kill me  
cut my arms wide open  
my coffin's one nail short

so come and kill me now
