hush hush hush hush
hush hush hush hush
i keep thinking of you and it's so
nervewrecking and heart fluttering
it's the first time i'm feeling like this
it's pounding and going crazy, my heart, my heart

in case you don't recognize me
i am hiding my feelings like this
don't tell him yet, hush for a moment
he might not even like me back yet

hush hush huh hush hush
it's not time, i want to wait,
i want to look at him a little more
hush hush huh hush hush
i'll tell him first,
i'm going to watch over him more

hush hush hush hush
hush hush hush hush

don't look at him, stop talking to him
because he might find out (oh every day)
my face gets red, my head grows blank
and my strength leaves me

if i ever run into you
i'll turn around and won't be able to say anything
so don't tell him yet, hush for a moment
he might say that he doesn't know me yet

hush hush huh hush hush
it's not time, i want to wait,
i want to look at him a little more
hush hush huh hush hush
i'll tell him first,
i'm going to watch over him more

i don't know you who you are
i don't even know your name
i don't know what you say
hush hush hush hush

i don't know you who you are
i don't even know your name
i don't know what you say
hush hush hush hush

if i can be with you in my dreams like this
i'm happy, because i can be with you - with you

in case you don't recognize me
i am hiding my feelings like this
don't tell him yet, hush for a moment
he might not even like me back yet

hush hush huh hush hush
it's not time, i want to wait,
i want to look at him a little more
hush hush huh hush hush
i'll tell him first,
i'm going to watch over him more

hush hush hush hush
hush hush hush hush
