I'm smoking way too many Turkish jades  
And sipping on Kentucky straight  
And when it's empty  
I'll drink aftershave in desperation

When I was younger I was just abused  
That's why I'm always staring at my shoes  
It's funny how the smallest things affect you in big  
ways  
Why do the best things always go so wrong?  
It's not enough for them to give your all  
A revelation in the shower stall that love is futile

Down the drain through the sewer pipes  
The remnants of a fucked up life  
I kissed her once but fucked her twice  
I'm like a beast but not as nice

And all the time I wasted on some girls  
Just makes me want to wretch  
My guts unfurled  
The road to hell is paved with golden curls and  
headaches  
I've known the tragedy of former friends  
I've seen the desperate means to desperate ends  
I'm going to die by liver, lung or chest or by my own  
hand

I had a relative who killed himself  
He made his noose from his karate belt  
I think I know how he must have felt  
But I'm still breathing

Down the drain through the sewer pipes  
The remnants of a fucked up life  
I kissed her once but fucked her twice  
Revenge is sweetest served on ice, yeah

Down the drain through the sewer pipes  
The remnants of a fucked up life  
I kissed her once but fucked her twice  
The phone is off the hook tonight

There's going to be a suicide tonight  
You never know, this time it might be mine  
There's going to be a suicide tonight  
Hopefully, this time it won't be friends of mine  
Yeah, there's going to be a suicide tonight  
A razorblade is bought to bleed some motherfucker  
dry  
Yeah, there's going to be a suicide tonight  
Another girl will stop the heart of just another guy
