And After all that's been said and done  
After all that we've been through and that we've given

I wont let myself fall for you

Cause I'm afraid of losing you  
Cause I'm afraid of losing you.

After all the overcome fears and flaws  
After all the windmills and the unlocked doors  
Tear drops, battle wounds and scars  
After all the long walks underneath the stars

I wont let myself fall for you

Cause I'm afraid of losing you  
Cause I'm afraid of losing you

And After all the perfect pictures and pain  
After all the memories, the rainbows and rain  
The comfortable silence and stares  
After all the real thoughts, the dreams and nightmares

I wont let myself fall  
I wont let myself fall

Cause I'm afraid of losing love  
Cause I'm afraid of losing love
