I was making it difficult for
Everyone including myself
Was flying off the rails and out of control

We couldn't see the overview
I got swept up in the wave like you

I was restless being pulled sideways by the moon and
tides
When out the corner of our eyes
Emotionally we fantasized
Started to believe in our own lies
Our tangents crossed & then the trust died

But I didn't mean to make you cry
I didn't mean to hurt
But I didn't mean to make you cry
I didn't mean to hurt

It seems like honesty is the best policy here
So lets not stagnate lets move ahead
Not crumble but grow apart instead
Our weaknesses we won't cave into
We'll focus our energy on the new
We'll lead to completely separate lives
Cause when our tangents cross our worlds collide

I didn't mean to make you cry
I didn't mean to hurt you

Where did it start and where did it end with all those
blurry lines
It's come to the time where you and I should dry
Our eyes

Thought you would wake up someday and realize
I was the one for you and you were the one for me that
your whole revolved around me too.

But I didn't mean to make you cry
I didn't mean to hurt
But I didn't mean to make you cry

I didn't mean to hurt
