

A Storm Of Light "Black Ocean"

As the sunshine
Keeps me warm
These days are good
The hunt goes on

And the starlight
Keeps me safe
Through the night
The hunt goes on

Harpoons lie
Poised to fire
And for us
The hunt goes on

As the old man
Keeps my path
Safe and straight
The hunt goes on

This is my
Life as
A hunter in
This black ocean

I have no
Other
Purpose and
The hunt goes on

We will kill
For blood and money
Day and night
The hunt goes on

We will kill
For blood and money
Day and night
The hunt goes on
