Time goes by, seasons change but i remain the same

People come and go, children grow, but i remain the same

Have you looked in the mirror, and not liked what looking back at you

Have you looked in the mirror is it me? or is it you?

Before i make this one last mistake

I will not cry, i will lead them all down

Those endless souls, the beauty beholds in their dark eyes

Their the darkness in disguise

Take my heart, take my soul, i don't want to own it anymore

The storm has passed, Ive survived but i just keep crying alone at night

Have you looked in the mirror, and not liked what looking back at you

Have you looked in the mirror is it me? or is it you?

Before i make this one last mistake

I will not cry, i will lead them all down

Those endless souls, the beauty beholds in their dark eyes

Their the darkness in disguise

Their the darkness in disguise

(Instrumental)

Before i make this one last mistake

I will not cry, i will lead them all down

Those endless souls, the beauty beholds in their dark
eyes

Their the darkness in disguise

Their the darkness in disguise
