Q-tip:

Who that at the door? (yo, tip, it's her)  
What you doin here, in front of my face? (repeat 3x)  
You didn't want my...you didn't want it  
To go somewhere, you all on it  
But if you want to, then you can come here  
Come here, yo

Q-tip:

Have you ever met a woman that just took your breath?  
So deep inside her life, she contemplated death  
Cant help but get attached to a woman like that (true  
dat)(repeat 4x)  
The contact was quite immediate, I had to attack  
(because you the man, yo, you know you the man)  
We related and debated over food and tunes  
Started out in september, now we enterin june (say  
word)(repeat 4x)  
Simple night in the crib, no, it just wont do  
(no it just wont do, no it just wont do)  
Because she liable to start shit that's wildin you  
(wildin you, wildin...)  
She wanna push my whip, buy diamond chips  
And take on trips, conversin my flip  
Gotta do her hair, take her out to the fair  
When a jake be there, make sure you don't stare  
At another one comin, don't be startin nuthin  
Be a slave to her, don't be brave to her  
Make sure that she's right, make sure that you're  
wrong  
When she wants to do it, make sure that it's long  
F anyone wanna make it work it's me (phife dawg help  
me out)(repeat 2x)  
But we gotta come through with common ground baby  
Any man, he can claim to be the one for you  
But put it straight to your lover in life runs true

Chorus:

And if it's me then lets get it going on (repeat 4x)  
Get it going on, lets get it going on  
And if it's me then lets get it going on (repeat 2x)

Q-tip:

Phife dawg in the break, is she more than you can  
take?

Phife:

See, Im not the one to be taken advantage of  
And if you really think about it, I got nuthin but love  
Now if your heart isn't in it, please let me know  
There's no need to waste time, if it's no, then I'll go

Chorus:

And if it's me then lets get it going on (repeat 4x)  
Get it going on, lets get it going on  
And if it's me then lets get it going on (repeat 2x)  
Get it going on, lets get it going on
