meet me after dark  
will blow against the way  
will fight for us to see the city

these ordinary eyes  
they can see through it all  
they can see through it all

\*don't be afraid 'cause im here  
meet me halfway i got you now..  
i got you now..

cause when you know  
and so you know  
we'll be right here forever  
the grace , the traces  
we start nothing can  
everything do..  
with wounds to mend nothing to do with you

\*don't be afraid 'cause im here  
meet me halfway i got you now..  
i got you now..  
don't be afraid 'cause im here  
meet me halfway i got you now..  
i got you now..

\*\* you say to let go  
right here with you  
if you trust and you need to relieve(repeat 2x)

would you run away with me if its tonight?  
we'll leave everything behind  
come on , come on

would you run away with me if its tonight?  
we'll leave everything behind  
come on , come on

(we'll live life!)

\*don't be afraid 'cause im here  
meet me halfway i got you now..  
i got you now..  
don't be afraid 'cause im here  
meet me halfway i got you now..  
i got you now..
