mom dad i did it again
i blew my load once more
now im stuck to the bathroom floor
hey bitch its your fault for all those peoples hatred
now all i got is masterbation

Just drop me off at home
theres no where left to go
you pissed me off this time
sometimes your so unkind
all i got is my hand
and i no it must be sad
see me at my worst
Phil fauteaux must be cursed

mom dad i did it again
i drank too much once more
and im passed out on the floor
hey slut what the fuck
for all those times you slapped me
i didnt even know why you were mad at me
