Pull the pin, hand grenade, hunger  
Detonate, blow holes in your summer  
Now it's gray and red all year  
With you blood against the clouds  
Dip you in arsenic and let you squirm  
On the sill of emptiness  
Is this less effective than just  
Telling you to go away  
And I never forget  
You're the target  
Now this is just a warning  
But I strongly suggest  
You get your fucking head down  
And grab a hold of something  
Duck and cover  
Or dead and gone?  
Kiss your ass goodbye  
Fire in the hole  
You should see the look on your face  
It's priceless  
I hit the fuse with a flame and a smile  
Blow you away.
