Tongue-tied, speechless
It's all tangled up inside
Trapped within my mind
I'll stumble and freak out
I'm bound to hit a wall
I shouldn't trip and fall

In a twisted web of words
I'm trying to make it work

But you gotta read between the lines
As I'm pouring out my song
Look into my eyes and you'll know
'Cuz words can't describe
What I'm feeling deep inside
And god I hope you feel the spark
In my letter to your heart
In my letter to your heart

Quiet, silence. trying to find the way
To things I'll never say
I'll try to slow down speak up
But words would never help
I'm a victim of myself

In a twisted web of words
I'll try to make it work

But you gotta read between the lines
As I'm pouring out my song
Look into my eyes and you'll know
'Cuz words can't describe
What I'm feeling deep inside
And god I hope you feel the spark
In my letter to your heart
In my letter to your heart

Feel the beating in my chest
Hoping you can hear the rest
Of what my heart has shouted to the world

But you gotta read between the lines

As I'm pouring out my song
Look into my eyes and you'll know
'Cuz words can't describe
What I'm feeling deep inside
And god I hope you feel the spark
In my letter to your heart
In my letter to your heart

Ohh ohh this is my letter to your heart
Letter to your heart
