Didnt think I knew what I was doin  
How could i be so blind?  
Then you came and you showed me the reason  
why i shouldn't cry.

Yesterday when it was freezing  
You came and held me tight  
Suddenly I knew what I was doin  
cuz being with you felt so right

CHORUS

When im down will you come and bring me up?  
When I fall will you come and catch me?  
All I'm asking is boy one thing  
Will you be there for me?

It was all day that i was thinkin  
bout you and me  
Dont even think of leavin  
me here so lonely

CHORUS

Dont tell me how  
Dont tell me why  
These mean nothing to me  
Dont tell me who  
Dont tell me when  
I really need this please

CHORUS
