Verse 1

Feeling the winds that blow outside
Feeling there's nowhere I can hide
Felling there's nowhere else to be
Hoping the wind won't take you away from me

Verse 2

I'm feeling the change that blows on by
Still reeling from pain inside my eye
I can see you're the one to heal
Healing the parted ways I feel

Chorus

Cos I know that you'll be waiting for me
And I know that you'll be waiting there for me
Cos I hope that you'll be waiting there for me
And I hope that you'll be waiting there for me

Verse 3

To hear you say everything is alright
Would put me at rest I'd sleep tonight
The feeling though may not last that long
Desire would just prove me wrong

Verse 4

Your sound on the stairs as you walk away
Nothing I say will make you stay
To see you return into my light
Would put me at rest I'd sleep tonight

Chorus

Cos I know that you'll be waiting for me
And I know that you'll be waiting there for me
Cos I hope that you'll be waiting there for me
And I hope that you'll be waiting there for me
