Chorus

I'm going crazy  
I can't find my lady  
Will somebody save me  
Baby baby

Cause I am lost without you  
And I can't find my way  
And I don't know if I will see you again  
Cause I am all alone and I am all by myself  
And I can't see myself with no one now  
And I don't know where to start and we can take it slow  
And I don't know where to go cause I am in control  
And I don't know where to run cause you are not here  
no more  
To keep me safe and warm at night  
You're the one for me but you're gone out the door  
And it hurts cause I was responsible for  
You are leaving me all out in this cold  
And my heart is breaking down what's going on

Chorus

Cause I am lost without you  
And I don't know if I will see you again  
Cause I am all alone and I am all by myself  
And I can't see myself with no one now  
I can't believe it's been a year since I have seen your  
face  
Time past before my eyes like I was ignorant  
I can't think about replacing you it doesn't feel right  
Another girl that's by my side tonight  
If you are my girl I'm gonna give you the world  
.. you are just a shadow away  
You mean the world for me  
And you got it now believe  
I'm moving on for you girl

Chorus

Cause I am lost without you

I can't find my way  
And I don't know if I will see you again  
Cause I am all alone and I am all by myself  
And I can't see myself with no one now

Thanks to feel
