I, ve got my own good reasons for bringing you down  
It's not the first time that I've tried to drag youa round  
But for the record let me say that I was wrong  
It's not the same that you would have gone

And I think it's obvious from hearing people talk  
You'd do whatever just to keep yourself in front  
But don't get nervous when you're getting what you  
want  
I'm only telling you in case that's what you thought

Oh I'm just a little too proud  
You're just a little high off the ground  
But I don't want you thinking  
We'll always be descending  
You and me  
Just wait and see

I squeezed a stupid word you put it inside your coat  
I started off alright but I ended up in smoke

I try to tell you something but I always seem to choke  
Oh I guess that's just the way it is it's the only thing  
That works

Oh I'm just a little too proud  
You're just a little high off the ground  
But I don't want you thinking  
We'll always be descending  
You and me  
Just wait and see

And I won't get angry any more  
Still stupid people prove me wrong  
So grab my hand take me home  
Well I'm alright, cat's just got my tongue

Oh I'm just a little too proud  
You're just a little high off the ground  
But I don't want you thinking  
We'll always be descending  
You and me

Just wait and see
