(AT) right now I'm going to take you in my arms
hold you closer and tighter than I ever have
I am going to say all the things that I thought could wait
now I realized that later could be a little to late

baby lets (BOTH) love like there's no tomorrow
live for every moment laugh at least a little everyday
if we see the sunrise in the morning (AT)is impossible
to say
so let's love (LW) let's love (AT) like there's no
tomorrow (LW) no tomorrow (AT) today

(LW)from now on every time we kiss it is going to mean
so much more when I touch your lips
when I give myself to you baby I won't hold nothing
back
because there is nothing I wouldn't give to make every
minute last

baby lets (BOTH) love like there's no tomorrow
live for every moment laugh at least a little everyday
if we see the sunrise in the morning (AT)is impossible
to say
so let's love (LW) let's love (AT) like there's no
tomorrow (LW) no tomorrow (AT) today

baby lets (BOTH) love like there's no tomorrow
live for every moment (LW) every moment (BOTH)laugh
at least a little everyday
if we see the sunrise in the morning (AT)is impossible
to say
so let's love (LW)baby let's love (AT) like there's no
tomorrow (LW) no tomorrow (AT) today

(LW) oh baby let's love(AT) let's love (LW) like there's
no tomorrow (AT) no tomorrow (BOTH) today
