Tick tock, tick tock  
You're runnin' out of time  
No time to stop  
'Cause they are close behind

When they come knock  
They better know it's time  
I've got the lock  
To keep them all in line

Well you can run and you can hide  
When the evil's got you in sight  
Cu-ca-com, Combat  
Cu-ca-com, Combat

Now you see them  
The plan is very clear  
Find their weak spot  
And never show your fear

They think their tough  
But you've got a secret weapon  
They don't know 'bout  
Your ultra zord protection

And now they run and now they hide  
'Cause you're on the winning side  
Cu-ca-com, Combat  
Cu-ca-com, Combat
