In this dark, phantoms unite
Creating patterns of souls and shadows
To form unheavenly figures and soldiers
Rising from infinite portals

Rising from infinite portals

When Satan walks upon the earth
God's children die
One by one they fall and burn
And so I live again
Sent through time and space to kill
Consuming all who fly above
Angel limbs and gore I lust
And murder is my god

Building this art, this flesh, this pain
I claim this torture my own
To stretch the wounds of human infection
Erasing existence with violence and death

Erasing existence with violence and death

Undead kings and fallen masters
I keep these burdens
Blood and doom my calling
I fall to coma, bliss, and nightmare

Creatures from beneath my dreams
I live to serve you
Demons from below these realms
I kill to serve you

Undead kings and fallen masters
I keep these burdens
Blood and doom my calling
I fall to coma, bliss, and nightmare

Shadows from beneath the Earth
I live to serve you
I sleep in hibernation
I kill to serve you
