Now ensues the vile cremation  
Brought from beyond the specters  
To manifest extinction  
Ensuring there is no salvation

Defy from the chosen path  
Glorify the wings of death  
Condemn the un-betrayed  
And use these dark weapons

Beneath the vortex of light  
Enshrine the black masses  
Eminent is your defeat

Fly below the celestial grace  
To assist the wicked chosen

Blasphemy in our weapons  
Carved with an iron edge  
Immortal deadly devices  
Defending the dark throne

Tools baptized by fire  
Wiping the bloody slate  
Again
