

Abaddon Krist

"Upon The Satanic Cathedra"

Upon my throne I gaze beyond
A rapture of chains to veil my eyes
A tyrant speaks to yield their reign
I walk amongst the final militia

Terror enthroned

The might of my kingdom
To rid the trespassed
To unite in the
Shield of the abyss

Crucifixion forever enforced
The glory disposed and wiped from minds
A lord of fear, a god of hatred
A purity blessed from below

Terror enthroned

The might of my kingdom
To rid the trespassed
To unite in
The shield of
The abyss

The entities of angels enshrined in stone
Crumble at my feet

I watch over
In search

Waiting for the reckoning
We will join
Seated
In the throne of blood
