Empty heart that overflows
I cry words, emotion, picture shows
They document the years
And free my flowing tears
Flow my tears
It's such a waste of endless time
I cry words, a speech, in pantomime
Won't express my fears
Flow my tears
Flow my tears
Flow my tears
Oh yeah
Pretty mouth
Small your mind
Your tension kitchen cooks you overtime
(Overtime)
Won't you stop, catch my act
Won't you sign this knifeless, bloodless pact
And I'll exceed my peers
Oh they flow my tears, my tears
Flow my tears
Flow my tears, yeah
Pretty mouth
And small your mind
Your tension kitchen cooks you overtime, yeah
All my heroes want you to take the fall
I guess you're not so f---ing tough after all
(After all)
Flow my tears
Flow my tears
Flow my tears
Oh, my tears, hey hey hey
Oh, my tears, my tears, yeah
Flow my tears, my tears
Flow my tears, flow my tears
Flow my tears
