Where does reality end and the nightmare begin?  
I close my eyes and dream up a perfect world inside  
my head,  
And in that dream she's fucking dead  
Why can't it be real? I want to hurt her;  
She's justified her own murder  
No rose is without it's thorns,

And my blood is fresh on yours  
With one hand I stroke her hair,  
While the other attempts to remove a heart that's not  
there  
I want to see her name carved in stone  
No rose is without it's thorns,  
And my blood is fresh on yours
