Instead of stepping outside to get out of hazy  
Instead of beating up brains, train to be lazy  
Instead of two lovers cranking out babies  
Instead of making a deal just where the roads cross

Big mama's life is lightning fast  
And I missing all the things that she said  
I closed my eyes and bowed my head

Instead of having sure things just turn maybe  
Instead of going to work, smoke a doobie  
Instead of staying home I'll hit the highway

Instead of keeping up with her I went a little crazy

Big mama's life is lightning fast  
And I missing all the things that she said  
I closed my eyes and bowed my head

Instead of buying a ring, I stiff my lover  
Instead of giving a mile, I took too many  
Instead of staying there I went go lucky  
Instead of keeping up with her, I went a little crazy

Instead... Instead... Instead...
