

## Abazagorath "And The Skies Opened"

Wings of death unfurl  
Embraced by the force of black  
Lined up possessors  
Armageddon's warriors

Soon to be reborn

Eyes are rolling backward  
Fangs and claws emerge from skin  
Earthquakes exploding through our flesh  
Together we shall join the coming race

Victory...  
With triumph, strength and might  
We procure thy hellish mark  
Through monumental cruelty

Come forth...  
Over the plains of earth  
Embrace the treachery of man  
As the skies released their thundering wrath  
Distant voices echo in the night

We have seen delight  
In cosmic chaos - Black as Hell  
Skin hard and scaled  
Soon to be reborn...
