"Bestial Moans"

Darkness descending
Haunting the fatal gloom
Choirs of anguish
Like a wound that strike through

Unearthly shrieks of torment
Sounding voids of silence
Malignant, abhorrent growls
Unleashed demon howls

To walk the path of I'll fated souls
To fallen kingdoms
So dark and cold

Unlit by the faintest spark
Groaning grotesque from the dark
Stripped bare of every light
Hellish cries from out of sight

O wearied souls hide from me those
Suffering voices sing to me
Agonized screams draw me on
Mesmerized by the demon song

Led to the brink of a great abyss
Depths obscured by rolling mist
Those tortured masses spoke my name
Entreat me to rejoice in pain

Into the depths of endless torture
My voice rises in a bestial moan

Unearthly shrieks of torment
Sounding voids of silence
Malignant, abhorrent growls
Unleashed demon howls
