"Ghosts Of The Moonlight Mist"

I am the almighty
My horror shall return
My chronicles span through time
The prophecy to be fulfilled

From the stars
Beyond the gates
Break the chains of endless exile

In the dark forests
And the deepest caves
My minions sense me
Reflect my essence

Over the mountains
Across icy waters
My soul travels
On the roaring wind

Apparitions arise from the moonlight mist
Ghostly howling, a legion of lost souls

The host has gathered
Answering the call to war
To slaughter the divine
To usurp the throne

Ave Satanas
Infinite master
Raise your swords in my name...
