Cathedrals debauched  
Reconsecrated for evils devotion  
As the end of times draws close  
A new order takes hold

Anointed in blood  
Baptized into the service of hell  
Repent all goodness  
Rejoice in thy sins most foul

Give us this day our daily bread  
Cannibalize the putrid meat of the failed savior  
We offer ourselves as soldiers of the un-christ  
An army to incite the ultimate calamity

Sanctify us with your gift  
Seven rites of passage to be endured  
To make us one with you - eternally  
The sacraments of the final atrocity

Case aside - the chains of servitude  
Behold the new gospel in flames  
Cauterize and eliminate meakness  
Of a faith consigned to extinction

Immerse us in the bliss of insatiable vice  
Pleasures of the flesh and blood thrust to levels  
unbound  
Anoint the sick, sensibilities perverted  
As twisted minds rejoice in the vile lunacy  
Accept the vows of the unholy one  
One word, one will to determine our fate

Conjure the apocalyptic fires of cleansing  
Souls purified as the flesh burns away  
As a shepherd who tends to his flock  
Leads us into the glory of your kingdom
