I am the mask  
I am the will of those that were  
When time was not

I am the voice of those most ancient  
Cloaked with chaos  
Hiding amidst the stars

Priest of the ether  
Dweller in the air  
That hath many faces  
That none shall recall

In the dreams of men  
They know my whispers  
Yet no man can know  
My ever shifting forms

Hear the crawling chaos  
That calls beyond the stars

The waves freeze before me  
The gods dread my call

Wherever my footsteps turn  
Surely men must die

Mightiest of messengers  
Haunter of the dark  
Stalker of the stars  
The faceless god

Your cities will shatter  
Your temples will fall  
The sunken kingdoms  
Will rise from the sea

I will set the stars  
That open the portals  
From the cosmic gulfs  
My lieges shall return...
