"Where The Depths Last Forever"

The sign appears, one we shall recognize
Damnations of all we once held dear - prepare to die.
Vortex of black touches down consuming all in it's path.
Life choked free in bloodstains as the earth is ripped
apart

We were able to obtain unlimited knowledge from elder
worlds.
Dying spirits barely able to see holocaust winds
Dark celestial bodies descending at them... through
rifts in time

Ruined in the aftermath
As all goes cold
Fueled by tremendous forces of nature
Your spirit is left behind

We shall rejoice in the memories of a fading light
We shall rejoice in the foreboding dream
We shall rejoice in eternal grief
We shall rejoice... We shall rejoice

Only we can know
This everlasting dream
Where the sun never rises
Where the depths last forever
