It's a Saturday Saturday night
And I'm out out with my friends
Partying partying then you walk in
I'm watching I'm watching you boy
I don't know don't know what to do to get you closer
This feeling I feeling I can't hide it

I got to keep this quiet
Leave this a secret

I don't know, I don't know
I don't know I don't know why,
I can feel, I can feel
I can feel it I
Have a crush on you
I watch you secretly
You never glance at me
I try to shake it off
Should I forget about this

I don't know what to do
What should I how do I to get you notice
Tell my friends tell my friends
Or dance it off
So I, I gotta keep this to myself
Nobody nobody got to know
What can I say to you
What can I do to let you know that I'm here

I got to keep this quiet
Leave this a secret

I don't know, I don't know
I don't know I don't know why,
I can feel, I can feel
I can feel it I
Have a crush on you
I watch you secretly
You never glance at me
I try to shake it off
Should I forget about this

Attention clause attention boys and girls
The way you're talking around is driving me uh
I I don't, I don't m-mind
You making n-n-noise do girls want

I don't know why, I don't know why
The way you smile
The way you gonna get it get it get it get it
Hey hey hey
You get it get it get it get it
Hey hey hey
You get it get it get it get it
Hey hey hey
You get it get it get it get it
Hey hey hey

Be free A..... you know
Be free Are you talking, talking to me

I don't know, I don't know
I don't know, I don't know why
I can feel, I can feel
I can feel it
I have a crush on you

I watch you secretly
You never glance at me
I try to shake it off
Should I forget about this
Should I forget about this?
