I'll never let you,
I'll never let you go,

I'll tell you what we'll do,
What will we do?
I'll tell you what we'll do,

Girl we'll have sex, We'll watch Star Trek,
And if we've got time we'll let the sun shine,
We'll let our bodies decide what we're doing tonight,
And if that's cool with you then it's cool with me,
I'm not one for decisions, I like it easy,
Because where you are is where I want to be,
You're all I want to know and girl honestly,

I'll never ever leave your side,

I'll never ever leave your side,
I'll never be too far behind,
I'll never ever forget you,
And the amazing things you do,
I'll never ever leave your side,
I'll never be too far behind,
I'll never ever forget you,
And the amazing things you do,

Girl we've had sex, We've watched Star Trek,
And now we've got time, Where should we go tonight?
Do you want me to take you out? I'll show you the town,
This planet's cold tonight but it feels alright,
As long as you're around the club supplying the sound,
I'll dance with you, pull me in too and I will never leave,

I'll never ever leave your side,

I'll never ever leave your side,
I'll never be too far behind,
I'll never ever forget you,
And the amazing things you do,
I'll never ever leave your side,
I'll never be too far behind,
I'll never ever forget you,

And the amazing things you do,

I miss you baby,
Babe I miss you,
I'm not complete when you're gone,
I said,
I'm not complete,
Babe I'm not complete
