Immortal

Nostalgia so far land

So far miles

And miles in time

One way of time and mind

Time into memory lying...

The deep crying an eternal sing

Of a rising echo of a great battles

Blood, War and Death.

Victories, cries and screams of great

Warriors and furious heroes

Powerful deeds and wherever dead.

Dead man

Against red swords bleeding

Glittering in fire in blood odor and smoke...

One only winner the great assassin

The great order of the dragon

The tempter sinner Abgott Emperor

The revenge of great river of thought

Flowing

Flowing

Against the stream a forward

Voyage to the old land...

A true journey

Backwards in time through

The apparent nothing of future

Towards the origin of race

In the depth true.

The mystery...

The unknown knew forgotten

A journey through the nostalgia

A voice that sovereign and guide the human steps

Into meanders of the lost land.

Doom of the Northern

In mind / it stands proud / with thy
Immortality / passion
