Come forth and bend on your knees  
Pray, "Oh lord hail to thee...  
Oh lord... hail to thee  
Hail to thee"

I know why you want to follow me tonight in the mist  
Down my crossroad of thousand reasons

Share forever pain

Hail to thee come forth and bend on your knees  
Of my innocent breed  
Come forth to me  
Pray our lord hail to thee

My seven daemons I possess  
Beneath the rising moon in the mist  
With all vampires and their brides  
Bloodless emblems  
Long standing in the dark sight

Howling in the mist under denial

Follow me  
In the depth of my mist  
Lost wandering... in the obscurity...  
No one sees burning the night. But the pale eye
