Demonic Thoughts rush through my Mind
No place to go
No place to find
Jusy stiin in the niche
OOverwhelmed with your thoughts
I am gonna Break down now
I am gonna Break DOWn now

Felicity Started The Day you Entered My life
Built castles of love
Spoke words of joy
Made it impossible fr sadness to come
A feeling of happiness rushed through my heart

BUt now when you're gone away
I rome through the streets
Cold Air Pinching my heart

Demonic thoughts Rush Through My Mind
No place to Go
No place to find
Just sitiin In the niche
Overwhelmed With Your thoughts
I am gonna break down now
I am gonna Break Down Now

No Lac eto go
No Place to Find
