Verse 1:

I watch you close your eyes,
for the last time. And I know I'll never see your face
again. I washed your clothes and I wiped the tears
from my eyes. And no one understands of the thing we
had and all the things we shared.

Chorus:

But I am missing you, I'm missing you.
And all I'm left with are pictures and memories, fade in
time.

Verse 2:

I watched all the poring rain,
slot down my window pane. I watched the clock go
around
a thousand times. I spend all those sleepless nights
thinking about the times when you were always around.
And now it's the final goodbye, I know you think it's the
last time.

Chorus:

But I am missing you, I'm missing you.
And all I'm left with are pictures and memories, fade in
time.

Verse 3:

I can't believe your gone forever and I will never
see that smile again. But I can hear your voice
repeating
my name. So, I watch you close your eyes,
for the last time and I know I'll never see your face
again.
