I want outta here, just gotta let it go,  
Hear the summer beat, comin' from the stereo

I wanna be where the sun is gettin' brighter,  
Somewhere the heat will kiss my skin,  
These nights don't get any lighter,  
The rain clouds just drop the color in  
So I need to go, let it go,

Ooh ooh I'm ready for the summer sunshine,  
My mind's already on the plane,  
Ooh ooh I'm ready for a little me time,  
My girls are feelin' just the same.

Bring out the boys, boys, boys, boys,  
Here come the girls, girls, girls, girls,  
We need to make a little noise, noise,  
We're letting down our blonde curls.  
We're letting down our blonde curls.

Try to let it out  
There ain't no other way  
So let the sunlight invite your skin  
Onto a holiday  
I hear the sun is burning stronger  
Ice tea so cold against my lips  
The base line keeps me here for longer  
Dark eyes are moving with my hips  
So I need to go and let it go

Ooh ooh I'm ready for the summer sunshine,  
My mind's already on the plane,  
Ooh ooh I'm ready for a little me time,  
My girls are feelin' just the same.

Bring out the boys, boys, boys, boys,  
Here come the girls, girls, girls, girls,  
We're here to make a little noise, noise,  
We're letting down our blonde curls.  
We're letting down our blonde curls.

[Fugative]

Everybody wanna talk about  
Me and Abi girl we're no walk-about  
Looking at me like she know my name  
So baby step forward and board the plane  
Take off, spacial  
She a good girl, angel  
Your man, he a fool, April  
Black and white diamonds, call it interracial  
Rollin' with some millionaires  
No-one ever danced so I see you here  
You ain't even gotta keep it on the low  
Lets have a good time cause two weeks ago  
So much shine on my wrist  
Look at my now feelin' like Chris  
We need to pass and jump the first hurdle  
Used to be indie now we're universal

Ooh ooh I'm ready for the summer sunshine,  
My mind's already on the plane  
Ooh ooh I'm ready for the summer sunshine,  
My girls are feeling just the same

Bring out the boys boys boys  
Here come the girls girls girls  
We're here to make a little noise noise  
We're letting down our blonde curls

Ooh ooh I'm ready for the summer sunshine,  
My mind's already on the plane  
Ooh ooh I'm ready for the summer sunshine,  
My girls are feeling just the same

Bring out the boys boys boys  
Here come the girls girls girls  
We're here to make a little noise noise  
We're letting down our blonde curls  
We're letting down out blonde curls
