Nihilism, chaos axis  
Maelstrom commands  
Massive visions of conquest  
I awaken into abhorrence  
Adversary Â– epitome of intolerance  
Bound insidiously  
Your servitude I sustain  
Offering cruel sacrifices  
Herald of your dismay  
Willing oaths to form reality  
Shattering the infidels Â– totality  
Diligently I tear at your fragility  
To be drunk on the ecstasy before me  
I wield high a plague over thee  
Impious indignation consumes me  
Ancient ire Â– I am of Satan's construction  
In true hatred Â– the author of your destruction  
I am messenger of cyclonic instruction  
To foresee conflict anguish and disease  
Unravelling your complexities with ease  
Poisoned death lust  
Satanic hate  
Ritualistic visions  
Satanic hate  
To drink your blood like wine  
Seeking the gratify the undivine  
Poisoned death lust  
Attract my knife  
Pentagram carved  
Drain away your life  
Infernal fixation of advancement  
Heed the malicious self-enhancement  
Defamation of your worthless form  
Suffering in malignancy  
Slither  
Feeble worm  
Withstand the taking of will  
Orate horrific verses to kill  
Vile descension becomes thee  
Spurn those infected with piety  
Contempt and spite  
Gods to which you lament

Embittered under the might  
Realisation of intent  
Proclamation of absolute irreverence  
Eclipsing the fallen  
Tyrannical vengeance  
Pandemonium forced in the fold  
Conflagration - peace removed from the mould  
Ingest the blackness - blood of destitution  
War until completion  
No absolution
