"The Eternal Conflagration"

Visit "[The Eternal Conflagration](#)" on MotoLyrics.com

The battery has begun, Legions of the sworn shall rise
Proclaim with unparalleled demonic rage
Eternal duality, an omni-present reality
Restoration of Lucifer and his enlightened age

Movement of hatred advances in waves of black
Collective goal, Jehovah's dethronement
Congregation of soul soiling with conquests foul
Conflagration of ashclouds darkens the firmament

Batallions of light and dark, on the armageddon path
Emerging from the clouds, the grimace of the
antagonist

We yearn to bask in the fading of a willing and weak
dead lord
Paled into discontinuity, eternally
Exiled recollection, tumult of the unavenged
Feasting with apocalyptic retaliation

Immemorial nemesis, I am sworn to writhe with the
tempest!

In death dimensions, hosts the aggressor,
Satan summons his legendary scorner
Heaven is burning, blackest of nights,
Tempered weapons striking with heretic might!

Batallions of light and dark, on the armageddon path
Emerging from the clouds, the grimace of the
antagonist,
Revel in disgrace, resplendent in the flames
For I am he, the embodiment of pure evil

An all pervasive manifestation, a conflict imposed on
all dimensions
When the hordes clash in mid-flight, so begins the
eternal conflagration
Beware the celestial destroyer, flickering our candle in
solar winds
Extinguished by descendings of the beast, superior
entity arrives in the scene

Baphomet, Master!
Androgynous goat comes forth, with wisdom spurned
by mere mortals
To re-align the sphere, to interrogate,
And to cleanse the poisoned bloodline of rulers
Truth in disguise, erupt to heave the throne

In death dimension, hosts the aggressor, Satan reveals
his mighty revolter
Heaven is blackened, joyous night, tempered
movement, victory in sight!

Swooping on angels, targets for entrapment,
Swept aside by volatile swords of liberty
Movement of hatred advances in waves of black
Collective goal, Jehovah's kingdom smoldering!
