I've just looked for something that could be my
distraction
From these thousands of bugs that conquered my
place and now
Laugh
At
Me
All over my amps

All my fears and problems bought four couples of legs
and
Now they're making fun of me just over my head but
I
Can't
Stand
This keeping goin' and

When they come inside
In my ears and I'm not feeling fine
When they'll come again
I'ma bleed, but in the end that's right

I am here again, fighting the cause of my illness
Tired of meltin' chains inside a box of triangles
Mind
Them
Out
Eating our wellness

Bugs will bring me down and feed my sense of
confusion
Don't know what to do so I'll just turn up the gain 'cause
God
Is
Not enough, NO!

They will leave you there paralyzed, they mesmerize
They will leave you there, broken
Unsatisfied, unsatisfied
They will leave you

When they come inside

In my ears and I'm not feeling fine
When they'll come again
I'ma bleed
But in the end that's right

When they come inside
In my ears and I'm not feeling fine
When they'll come again
I think I'm gonna bleed
But in the end that's right

You know that
They will leave you there paralyzed, they mesmerize
They will leave you there, broken
Unsatisfied, unsatisfied
They will leave you there, broken
