Lost in all the thoughts
I hadn't classified
The grass I'm lookin' down to
The sparkles in the air
What I create
Depends on my inside
There is no difference when that's
Not what meets your (eye)

I will never be the superhero they're expecting me to be
But I could always

1! 2! BE! 4! ever blind
Not to see that the only remedy for curia
Is caries! caries!
So
Don't look twice
The elephant sitting there, it looks just like an alien
It gazes! gazes!

Owls and crosses were
To make his anger rise
He don't believe in nothing
Randy doesn't care
About protest
And all the shit they love
A cock in a pot, that's what you are
But that's not what meets your (eye)

I will never be the superhero they're expecting me to be
But I could always

1! 2! BE! 4! ever blind
Not to see that the only remedy for curia
Is caries! caries!
So
Don't look twice
The elephant sitting there, it looks just like an alien
It gazes! gazes!

Odd couples in your head
They'll sit down there and gaze in awe

When you'll spit it out the right way
But what's behind all this?
Behind those vulture eyes
I see some better men

Jesus Christ!
Can't you see that the only remedy for curia
Is caries! caries!
So
Don't look twice
The elephant sitting there, it looks just like an alien
It gazes! gazes!
